Hi Tony,
Hope you are well. My name is Casey O'Neill, Chief Business Officer for Mammoth Unified.
We have been experiencing some increased concerns from our community regarding the data we share with our local police department, specifically the cameras.
Is it possible to keep data sharing with our PD but turn off the data sharing for the cameras?
I know this will limit possible response times, but we are assessing what we can and cannot do with the flock systems.
I appreciate your assistance in better understanding the flexibility within Flock.
Best,

Hi Kyle. I sent the below email to Tony and saw he is doing site visits. My super asked I see if you were available to answer our questions. Thanks so much for your and Tony's time.
Best,

Hi Casey,
Your account is now handled by our Engagement Team. I am including them on this email and they will provide assistance as well as answer all of your questions.

[@engage@flocksafety.com](mailto:engage@flocksafety.com) - Please see below request for customer "CA - Mammoth Unified School District". Their Salesforce account is linked [HERE](#)
They have data sharing questions that would be best answered with a meeting.

Thank you!

Hi Casey,

My apologies, I am traveling but I was able to jump on your request. I included our Engagement Team under separate email (and cc you) that can further answer your questions.

Thank you,

Tony Ringhoffer

Cc: "engage@flocksafety.com" <engage@flocksafety.com>

Thanks Tony for the quick reply.

I can make myself fairly available to the engagement team.

Best,

Good afternoon,

It looks like data sharing is only currently enabled for CA Mammoth Lakes PD.

Would you like to revoke access?

Kaci

My question was more specific. Can I separate which data is shared?

If I wanted to continue to share just Raven data and remove the cameras could MUSD do that to the MLPD?

Additionally, who is the best person to contact if we need to revoke all data sharing from MLPD? The district is working to better understand the flexibility of the data we share with our local PD.

Best,

Hello,

Yes, we should we able to specify only sharing the Raven data if that is desired since it lies on a separate network.

Additionally, my team will be able to help revoke any permissions if needed.

Kaci
