NARRATIVE

On 08/25/2026, the Town of Mammoth Lakes Road Department notified the Mammoth Lakes Police Department that the Flock Gunshot Detection System located at the corner of Tavern Road and Inyo Street had been vandalized. The following is a summary of the incident.

At approximately 1000 hours, Officer West, Officer Wang, and I responded to the location. Upon arrival, I observed that the two-piece pole had been disconnected. The solar panel remained attached to the pole but was shattered. The Flock gunshot detection device remained intact and mounted to the pole.

I emailed Flock Safety at investigation-intake@flocksafety.com requesting information regarding the last recorded detection and/or the approximate time the device went offline in an attempt to narrow down the timeframe in which the vandalism occurred. I also emailed support@flocksafety.com and engage@flocksafety.com to request replacement of the damaged equipment.

Case Status: Inactive Pending Leads. Awaiting a response from Flock Safety regarding when the gunshot detection device went offline.

SUPPLEMENT 1

On 08/26/2026 at approximately 1306 hours, I received an email from [REDACTED], Community Manager of The Sawyer Apartments, located at 62 Inyo Street. [REDACTED] advised the apartment complex does not have any surveillance cameras positioned toward the intersection of Inyo Street and Tavern Road.

Officer Wang canvassed the surrounding area for additional potential surveillance cameras but was unable to locate any that captured the area of the incident.

According to [REDACTED] with FLOCK Investigations, the gunshot detector potentially went offline and began operating on battery backup on 08/24/2026 at approximately 1223 hours.

At this time, there are no active investigative leads, and no surveillance footage has been located or obtained regarding the incident.

Case Status: Inactive. Pending leads.
