Title: 2023/24 Parks and Recreation Department Fee Schedule Amendments

Agenda: Discussion Item

RECOMMENDED MOTION:
Approve by motion the 2023/24 Parks and Recreation Department Fee Schedule Amendments.

BACKGROUND INFORMATION:
The Parks and Recreation Department returned to full to in-person programming and recreation activities in 2022/23 after the COVID-19 pandemic severely limited and constrained our activities. The pandemic highlighted – and continues to highlight – what has been true for many years: parks and recreation provide essential services and infrastructure critical for the physical and mental well-being and resilience of our community.

It is well documented that having access to quality parks and recreation services improves physical and mental health, reduces crime and violence, increases access to healthy foods, drives community connection and boosts economic activity. It is the mission of the Parks and Recreation Department to provide multi-purpose, year-round, indoor, and outdoor recreation opportunities accessible to all residents and visitors.

Combined with the finalized 2023 Annual Programming Menu and the Department's 2023 Strategic Priorities and Key Objectives, the proposed 2023/24 Fee Schedule completes the administrative framework necessary to deliver high-quality, innovative, and affordable recreation programming for our residents and visitors of Mammoth Lakes.

ANALYSIS AND DISCUSSION:
The Parks and Recreation Department annually reviews and recommends appropriate fees for the many adult and youth camps programs, including the establishment of fees for facility reservations. These fees are presented to the Parks and Recreation Commission, whose powers and duties as stated in section 2.40.040 of the Municipal Code, empower this advisory body to *"Advise the Town Council and the Town Manager in all matters pertaining to all Town-owned or managed parks, recreation, facilities, trails, special events and all other associated activities as prescribed by ordinances or by town council action."*

Municipal Code Section 3.39.040 requires an annual review by Town Council of town fees and service charges. In addition, Ordinance No. 08-11 states that Council by resolution may annually set a subsidy for certain fees or charges, thereby not requiring that one hundred percent of costs

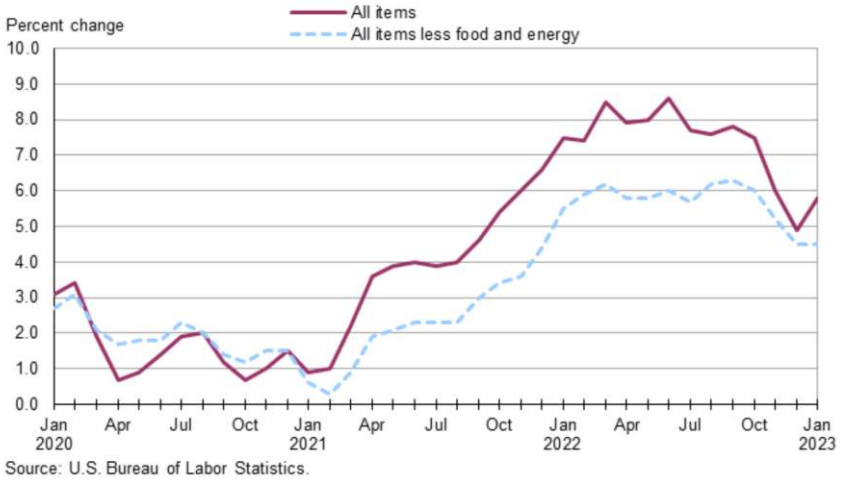

reasonably borne is recovered by that certain fee or charge. Based on historical Town Council adopted subsidies (Ord. 91-08 & Ord. 95-07) for recreation programs, and the philosophy of the Parks and Recreation Department to provide broad and considerable community benefit and enhanced quality of life, the Department applies a high subsidy (approx. 80%) for youth programs and facility operations and a lower subsidy (approx. 20%) for adult programming.

The Parks and Recreation Department has conducted an extensive and exhaustive analysis of its services, the costs reasonably borne of providing those services, the beneficiaries of those services, and the revenues produced by those paying fees and charges for special services. In accordance with the Municipal Code, staff is presenting the amended 2023/24 Parks and Recreation Department Fee Schedule (Exhibit A) to the Parks and Recreation Commission for their consideration. If approved by motion, Town Council will consider adoption of the fees on March 15, 2023.

Summary of Proposed Fee Amendments

The U.S. Bureau of Labor Statistics[1] reported that prices in the Los Angeles area, as measured by the Consumer Price Index for All Urban Consumers (CPI-U), over the last 12 months, advanced 5.8 percent. Food prices increased 7.6 percent. Energy prices increased 17.5 percent, largely the result of an increase in the price of natural gas service. For comparison, the CPI-U for 2021 was 6.6 percent.

Summary of Proposed 2023/24 Fee Amendments

Staff has provided an overview of the proposed 2023/24 fee schedule amendments below. The Department typically reviews facility rental fees every 2 years and revises recreation program fees annually, except during the 2021 pandemic. Reasonable fee recovery is based on a number of factors including the annual Consumer Price Index (CPI), along with direct costs reasonably borne to provide parks and recreation services. Direct costs include seasonal staff wages, cost of

contract or skilled instructor(s), excursion/overnight costs, and equipment/supply expenses. Many of these expenses have increased significantly. For example, seasonal staff wages have increased by over 40-50% since 2018. Indirect costs, such as Department full time employee salaries, healthcare and workers compensation expenses, as well as transportation costs, are not included in the cost recovery calculation.

It is the intent of the Department to annually adjust program fees based on the Consumer Price Index for All Urban Consumers (CPI-U), in the Los Angeles area, by no more than 5 percent. Facilities are reviewed annually for necessary amendments and adjusted every two years, based on the CPI-U and again by no more than 5 percent.

The Parks and Recreation Department Master Fee Schedule is attached for the Commissions consideration (Exhibit A). A summary of the fee amendments are listed below.

Scholarship Fund

The Parks and Recreation Department will continue to administer youth scholarships through the *Tony Colasardo Scholarship Fund*. The fund provides 50%, 75% and 90% scholarships, based on availability, for the many popular camps and recreation programs offered by the Parks and Recreation Department. These scholarships can also be used to help with registration costs for local youth sports organizations. These scholarships are intended to remove financial barriers facing a family when deciding to participate in our many camps or programs. The implementation, promotion and management of the scholarship program is incorporated in the 2023 Strategic workplan and remains a priority for staff.
