Ballot Measures Related to the Increase of Transient Occupancy Tax and Council Actions

The following provides a very brief review of ballot measures approved by voters to increase the Transient Occupancy Tax rate in the Town of Mammoth Lakes. Subsequent actions taken by past councils to adjust the allocation and use of the TOT tax is also noted.

June 6, 2006 – Measure T
Shall the ordinance to increase the Transient Occupancy tax rate to thirteen percent be approved?
Measure T did two things:

1) Increased the TOT tax rate from 12% to 13%
2) It eliminated the June 30, 2011, sunset on 1% of the tax rate as approved by voters as part of 96-A.
The impartial analysis of the measure provides for in part – "Additional revenues resulting from this tax rate will be placed in the general fund and will be used for both existing and future Town programs and services."

March 5, 2002 – Measure A
"Shall the ordinance to increase the Transient Occupancy tax rate by two percent be approved?
The Measure increased the TOT rate from 10% to 12%"

The impartial analysis of the measure provides for in part – "The increase in the tax rate will provide additional general fund revenues both to maintain existing programs and to support future programs and services a determined by the Town Council."

The Argument in Favor of the Measure includes in part the following: "Measure 2002A addresses unfunded capital needs by increasing the current bed tax from 10% to 12%. It will provide general fund revenues for, among other things, housing for local workers, recreational and municipal facilities for our residents, which our visitors use, and additional marketing to insure that existing businesses remain competitive with the resort corridor."

March 26, 1996 – Measure 96-A
"Shall the ordinance which will extend the Utility Tax and Transient Occupancy Tax, and which will ratify prior collection of such taxes, be adopted?"

The Measure continued by voter approval an increased TOT rate of 10% and the Utility Tax at 2.5%.

The argument in favor of the Measure stated in part – "General Fund revenues are used for these and other general governmental services." The argument notes budget challenges and debt issuance for various public improvements, roads and parks as reason to vote yes.

June 3, 1986 – Measure A
"Shall the Town of mammoth Lakes increase revenues through 1) A revised business license formula 2) An increase in bed taxes. 3) An increase in thoroughfare funds: in order to support and enhance the year-round marketing program; new road construction and ongoing road maintenance 4) And a specific dollar commitment from Mammoth Mountain Ski area to improve and expand the public transit system?"

The impartial analysis of proposition A includes in part – "The basic priority projects identified by the Committee are as follows:

1. An expanded Town Marketing Program through the auspices of the Resort Association.
2 An expanded Public Transportation System adequate to provide convenient service to our residents and visitors.
3. Major Road Construction (Minaret Extension and Laurel Ave.) including signalization where necessary.
4. Major Street Rehabilitation."

". . . If authorized by the Town Council, the following specific obligations/commitments would be created with respect to the revenue areas identified above commencing June 1986:

1. Approximately $150,000 in Business License Fees.
2 A 3% in Bed Tax for a change from 6% to 9%.

3. Approximately $500,000 from Mammoth Mountain Ski Area as its contribution to a Public Transit System
4. A $100.00 increase in the Major Thoroughfare Fees for each required parking space for all new commercial development; and a $50.00 increase for each required parking space for all new residential development.

The overall economic effect of the above revenue will be to create additional revenues to the Town of approximately $1,500,000 annually which will be used at the discretion of the Town Council to fund the priority projects listed above."

State of California Legislative Actions
During this time two State actions were taken that impacted voting requirements for general or specific purposes.

- Proposition 62 approved in 1986 and Proposition 218 approved in 1996 controls how a general or special tax is to be imposed by the voters. A general tax requires a 50% vote while a special tax requires 2/3s voter approval.

  Each of the ballot Measures presented to the Town of Mammoth Lakes votes to increase Transient Occupancy Tax was presented as "General Tax". Measures T and Measure 2002-A include the following language (96-A also included similar language for Prop 62):

- "This ordinance shall constitute voter approval pursuant to Proposition 62, Proposition 218 and any and all other voter-approval requirements. All tax revenues shall be deposited into the Town's General Fund and expended for general governmental purposes."

To gain support for the measures and to meet defined Town priorities past town councils committed to use the increased tax funds for specific purposes, referred to as "Political Commitments".

TOT Political Commitments – 13% Rate (Points) – As of Measure 2006 A
Housing – 1 point of TOT
Tourism – 2.5 points of TOT plus Business Tax Revenue
Transit – 1 point of TOT
Total commitment: 4.5 Points of the current 13 Points TOT and Business Tax Revenue

Balance of TOT to TOML General Fund – 8.5 points of TOT

Note: **Community Facilities Funding – 1.5 points** of TOT

- Incremental increase to 1**.5 point** to meet the Town's required funding for development impact fee supported capital projects (Resolution 07-37). This was suspended in FY08-09.

Economic Recession and MLLA Settlement

December 5, 2012: The financial restructuring plan adopted by the Town Council as part of the MLLA Settlement resulted in substantial one-time payments ($2.6+ M), the loss of Airport Lease revenue estimated at $111,000 (current year dollars) per year for 30 yrs., and a negotiated judgment payment of $2 million per year payment over 23 years. Adopted 12-05-12, Res. 12-71.

The financial restructuring modified the pre-existing political commitments to meet the funding requirements of the MLLA settlement, which extends over 23 years (2036).

Status/Changes to Political Commitments

FY08-09: The commitment to the 1.5 points for Community Facilities was suspended to fund Airport Operations, Airport litigation and Community Development operations.

FY12-13: Funding for Tourism was reduced by $215,562 as part of Town financial restructuring related to MLLA Settlement. Continued allocation of Business Tax revenues.

FY12-13: Funding for Transit was reduced by $148,678 as part of Town financial restructuring related to MLLA Settlement.

- Note: Transit allocations include Town administrative costs and include other revenues besides TOT.

FY12-13: Funding for Housing was reduced to the contract amount for MLH of $329,190. Previous annual debt payments of $272,349 were complete in FY12-13 and a set aside of $200,000 per year for payments of two housing loans totaling approximately $400,000 each which the Town was required to repay under certain terms. The two loans were paid in full.

- Note - Housing allocations include Town staff and consultant costs that range from $10,000 to $25,000 pending work program and may include other revenues besides TOT.

The financial restructuring plan approved as part of the MMLA Settlement did not include the reinstatement of any of the reductions to the political commitments.

FY12-13: The creation of a Tourism Business Improvement District was developed and began collecting assessments in September 2013.

FY17-18: The allocation of TOT revenue adjusted to shift additional revenues to housing. The adjustments resulted in the following allocations:

Tourism – **2.35 points** of TOT (eliminated $215,678 reduction) and allocation of Business Tax Revenue to Tourism was eliminated.

Housing – **.85 point** of TOT

Transit – **.85 point** of TOT (eliminated $148,678 reduction)

Total commitment: 4.05 Points of the current 13 Points to Tourism, Housing and Transit.

Balance of TOT to TOML General Fund – 8.95 points of TOT

The adjustment process made it clear that the dedication of revenue was for Tourism, Transit and Housing and not a commitment to any single entity.

FY19-20: The revised commitment and allocation of TOT revenues was reviewed as prior to approval of the FY19-20 budget (June 5, 2019) with action taken to continue with the updated allocation formula. The formula was used in the FY20-21 Budget.
