The valuation shall be the total of all construction work for which the permit is issued including all finish work, roofing, electrical, plumbing, heating, air conditioning, elevator, fire extinguishing systems, and any other permanent construction and equipment. Valuation shall be taken at the contract price as approved by the Building Official or adopted edition of the International Code Council's Building Valuation Data Table.

Building Division Fees

Where plans are incomplete, inaccurate, or changed so as to require additional plan review beyond three plan checks, an additional plan review fee shall be charged at the hourly rate of $90.00 per hour for in-house plan checks and at the hourly rate of the outside plan check firm if the plans are routed to an outside plan checker.

The Table in effect for fee calculations will be the most recent table in effect as July 1 of the current fiscal year. For new structures and additions, 10% of the building permit fee will be collected at the time of permit submittal and is non-refundable.
